

OVERLAND PARK MEN'S CLUB

Membership in the Overland Park Men's Club (OPMC) is your path for establishing or maintaining your golf handicap. By joining OPMC you will also become a member of the Colorado Golf Association (CGA) giving you the opportunity to establish a United States Golf Association (USGA) Handicap Index. Your Index is used to measure your improvement and is required for entry into most golf competitions. Through your membership, you will also be supporting a number of developmental junior golf programs and other "good of the game" initiatives.

The Tournament Player's Association

Tournament Players Association (TPA) membership adds the opportunity to participate in the 10 TPA tournaments at Overland Park Golf Course. The TPA's intent is to provide a variety of fun and challenging events for players of all levels. Tournament formats include team events and individual medal play competitions. Our Match Play tournament and an invitational team challenge at season's end round out our varied events. TPA members also enjoy two association banquets, food and beverage discounts at the Overland Park Restaurant, special pricing for various Pro Shop merchandise and services, and the fellowship of our friendly members.
